February 28, 2022:

## Iron Workers Applaud Nomination of Judge Jackson to U.S. Supreme Court, Urge Speedy Confirmation

The International Association of Bridge, Structural, Ornamental and Reinforcing Iron Workers applauds President Biden's nomination of Judge Ketanji Brown Jackson to the U.S. Supreme Court.

Judge Jackson has distinguished herself as a hard-working and tireless advocate for the American people. From her days working as an assistant federal public defender in Washington, D.C., to today, Judge Jackson has a long history of fighting on behalf of working people. She brings an exceptionally wide breadth of experience at all levels of the judicial system to the Court, as well as the energy and resolve needed to get the job done.

Our nation's highest court ought to look like the citizens it is bound to protect. A diverse combination of judges, from all walks of life and all areas of the country, is the best way to ensure our Supreme Court unwaveringly protects liberty and justice for all.

We urge the Senate to act swiftly and confirm Judge Jackson without delay.
